DSE Outstanding students

Tsang Chun Kit (曾俊傑)

5 in 1 subject and 5* in 3 subjects in the 2022 HKDSE.**

Admitted to Bachelor of Economics / Bachelor of Economics and Finance, the University of Hong Kong (香港大學經濟學學士 / 經濟金融學學士)

Ming Kei College provides a holistic and tailor-made education to all of its students. During preparation for the DSE examination, teachers made every endeavour to help us prepare thoroughly and supported us with a wide range of teaching materials such as mock papers and tutorial lessons. Teachers were not only willing to answer our questions with their endless patience, but they were also happy to listen to our worries and encouraged us to do our best, which strengthened our mental fortitude. I still remember something one of my previous teachers told me: "Losers seek excuses while winners seek solutions. It doesn't matter if you fail, but it is of paramount importance to learn from your failures and make corresponding improvements." Mingkeiers always make an all-out effort and never give up!

Yiu Siu Kuk Cirrus (余小曲)

5* in 7 subjects in the 2020 HKDSE.

Admitted to Bachelor of Biomedical Sciences, the University of Hong Kong (香港大學生物醫學學士)

Winner of the Home Affairs Bureau Multi-faceted Excellence Scholarship (民政事務局多元卓越獎學金), which grants full university tuition fees to students who excel in sports, arts and / or community service.

Apart from being grateful to my supportive classmates, I have been really thankful to my teachers during this dreary and unsettling time whilst preparing for the DSE examinations. Despite the suspension of face-to-face extra lessons, they have tried their best to help us with our revision by providing us with mock papers via WhatsApp and Google Classroom on a weekly basis and giving us detailed feedback on our exercises. I still remember that on 23rd April 2020, the day right before the commencement of the DSE examination period, that my nervousness started to kick in the morning. However, my WhatsApp feed was flooded with encouraging words from teachers and classmates, which immediately calmed me down. Having the good fortune to be taught by these teachers and to have made a lot of friends, I have never regretted studying in Ming Kei.

Chan Kin Yan (陳健欣)

5 in 1 subject and 5* in 4 subjects in the 2019 HKDSE.**

Admitted to Engineering, the Hong Kong University of Science and Technology (香港科技大學工程學)

Winner of the Dean of Engineering Scholarship of the HKUST, which is bestowed to students with at least 2 subjects of 5* or above in the HKDSE.

I am so grateful that I have spent those years studying in Ming Kei College, plus meeting my dear teachers and schoolmates. Ming Kei teachers have not only taught me academic knowledge, but also the even more important morals which underpin: to be responsible, to be sensible and to be respectful. I will bear these precepts in my mind forever. Ming Kei has also provided me with a lot of opportunities to explore my interests and develop my full potential. There were a lot of extra-curricular activities which encouraged us to pursue our dreams. One of the most memorable activities was the S.4 Leadership Training Camp which united the whole class and gave us challenges so as to make us think about issues and to grow as people. I am thankful that I could grow up to be a mature young adult because of the love and care extended to me by Ming Kei.

Person-Centred Education with Love and Care

Ming Kei College is a school based upon the core beliefs of care and love. We nurture our students in a caring environment so that they can extend their love and care to their neighbours.

Welcome to Ming Kei!

The S.1 Orientation Camp helps S.1 students strengthen their bonding and better adapt to new secondary school life. The Peer Counselling Scheme's big brothers and sisters, who are the senior form students, help every S.1 student to lead a joyful school life and one full of memories.

Leadership training

Senior form students are trained to be leaders to serve their fellow schoolmates. They try to challenge themselves to enhance their resilience by different activities.

Integrated Education

Ming Kei College has adopted a whole school approach to Integrated Education ever since the 2000-2001 academic year. The SEN students are supported by their classmates in both their studies and school life. Some students have served as Integrated Education Ambassadors in order to promote a caring culture on campus.

3B Fong Hei Man (方熙雯)

This is my second year studying at Ming Kei College. There has been joy, anger, sorrow and happiness in these two years. Here are some of the most memorable experiences of each year:

At the beginning of last year, I was worried that I would have no friends as I am a visually impaired student. However, my class teachers arranged for some students to take me to the School Hall for Chapel and other special rooms for classes like Visual Arts, Music, Ceramics and Home Economics. We always chatted and finished group projects together so we became friends.

This year, I have some more subjects to study. For me, they are definitely not a piece of cake. However, my teachers give me revision notes that are suitable for me so that I can get adequate preparation for the tests.

The most important thing that I have learnt is the skill to communicate with my classmates. I am one of the Integrated Education Ambassadors this year. I hope I can learn more communication skills and serve my fellow schoolmates this year.

Hei Man (middle) and her best friends, Yulette (left) and Crystal (right).

School and Church Co-operation

May God's grace be with Ming Kei

The CCC Kei To Mongkok Church (KTMK Church) has been working closely with the school on evangelistic work. The KTMK Church helps the school to teach Religious Education, and to organize and promote various religious activities for students. Through church-school cooperation, we fulfill the mission of the Hong Kong Council of the Church of Christ in China: "Together we nurture the lives of our students. Hand in hand we witness the Love of Christ."

Food Angel (惜食堂)

The KTMK Church has collaborated with Food Angel to provide less-privileged elderly people with complimentary hot meals at Ming Kei in the evening. Ming Kei students serve as volunteers not only to distribute meals but also show their love and care to the elderly.

◀ The Little Shepherds (小牧人) lead the entire school in singing hymns in the Chapel.

The Parent-Teacher Association

Parents are close partners of our school in educating our students. The Parent-Teacher Association (PTA) promotes communication and cooperation between the school and parents.
